

# Honeyaid®

Recommended by the queen of bees

## Turntable Auto S

- ✓ Compact turntable version with collecting function
- ✓ Alternatively, can be equipped with transition plate for connecting a conveyor belt; transition plate is included in the delivery
- ✓ Table version, optionally available with trolley set
- ✓ Especially suitable for containers with a small opening diameter

Main field of application: semi-automated filling of container sizes from 2–500 g

Art. 30817400

### Customer benefit

Working with a turntable allows the process chain to be shortened in terms of time by integrating or connecting further production steps such as:

- glass feeding
- screwing
- labeling

### Operating conditions

Hours of operation per day	8
Days of operation per week	5
Ambient temperature	10°–40°C / 50°–104°F

### Technical data

Nominal voltage	24 V DC (power supply for 220 V / 115 V)
Power consumption	25–35 W
Rotation speed	0.4–4.5 rpm (adjustable)
Standard sensor type	Capacitive
Diameter of container opening	> = 8.0 mm
Storage space	35 × 500 g glass (15 empty + 20 full) 45 × 250 g glass (19 empty + 26 full)
Diameter of turntable	635 mm
Load-bearing capacity	20.0 kg
Footage	Width 635 mm × depth 870 mm
Total height	655 mm / 1.385 mm with frame
Work height	Flexible / 875 mm with frame
Weight	24 kg (without power supply)

### Further automation options

Connection of a collection turntable or conveyor belt for further production steps such as lidding and labeling.
